

A modern dining room featuring a light-colored wooden table with a unique, curved, and hollowed-out base. Six black chairs with black seats are arranged around the table. A large, light-colored ceramic vase with dried branches sits on the table. The room has large windows with horizontal blinds, and the floor is a light gray.

Important information

What do these icons mean?

Ceramic

Is one of the most versatile table top materials. Cleverly poured onto tempered glass, it is strong and scratch resistant with the look and feel of stone and the ability to print on trend effects.

Glass

All glass featured in this range is tempered safety glass giving it a superior strength compared to normal glass. It will also be heat, shock and scratch resistant.

Metal

The primary purpose of metal in furniture is for its strength, especially in legs and bases. It also adds visual appeal with its clean, contemporary look.

Polycarbonate

Widely used in furniture due to its mechanical strength and weather resistance. It is a recyclable and non-harmful material with high visual appeal.

Stone

Marble features throughout the range and is considered to be the preferred natural stone for residential interiors.

Wood

Only natural wood is featured in this range, whether that is solid wood or the look of wood achieved with a natural wood veneer.

Available in a range of colours or finishes.

Available with fabric upholstery.

Available with leather upholstery.

This product is fully customisable.

Other sizes available

This product comes in a variety of sizes

Extension table available

This product is available as an extension table

Pricing information

The prices displayed in this catalogue are correct at the time of printing and are based on the configuration shown in the corresponding image. With the increasing cost of freight and raw materials, prices can change so please check our website; otherwise your consultant will advise if this is the case when quoting.

For the items priced 'As Pictured' it is the price of the item as it appears in this catalogue, for the items priced 'In Store Model' it is the price of the item as it appears in this catalogue and it is a part of our core range so the item is readily available; although not displayed within every showroom.

A McKenzie & Willis
custom-made piece is made for
you and made for a lifetime.

The true value of customisation is that it offers you the flexibility to design a piece of furniture as unique as you. A custom creation can make a design statement and set the tone of your home or can blend effortlessly with your existing furnishings.

Through considered design, masterful workmanship, and a love of creating truly unique pieces, our talented consultants work closely with you to make your dreams a reality.

Step 1

The Vision

It all begins with an idea. If you have ever dreamed of owning that item you saw in the latest glossy magazine, at a friend's home, or on a TV show, we can make that wish come true. Our consultants will work with you to create a piece of furniture to your exact specifications. Our range of existing furniture provides an extensive library of inspiration and is a great place to start.

Step 2

The Plan

Our consultants are experts at extracting your ideas and dreams to execute and build a brief. Armed with a wealth of experience and knowledge, this is where the fun begins. We provide an in-home consultation service and create sketches to ensure your new piece will perfectly suit its new environment. One of the many advantages of a custom-made piece is that they can be designed specifically to fit tricky spaces.

Step 3

The Specifics

Select your finishes, colours and refine your design all with our expert help on hand. With an extensive range of materials to choose from, we are here to meet the challenge of any bespoke item. At this stage we will take final measurements and depending on the complexity of the project, life-like renders can be produced before final sign off.

Step 4

The Final Design

Once your design is finalised, it's time for us to create! We work with some of the best craftsmen and makers in New Zealand who have been carefully selected on their expertise and skills. All you have to do is sit back and relax while we bring your concept to life.

Bok Round Extension Table

by Ethnicraft, page 19

Dining Tables

A dining table is not simply a piece of furniture, it is where memories are made. It is where family and friends gather to not only share a meal but also stories, jokes and points of view. It is where some of the most important conversations are had, both happy and sad, and no matter what, gathering around the dining table will always have a sense of home.

Abrey
by Calligaris

As pictured above \$10,955

The elegance of the Abrey dining table lies in the sheer simplicity of its design. It's simple, contemporary look allows the rare beauty of the shape, size and material to shine.

Dining Chairs

A dining room is really all about the table and the chairs. The chairs can provide a creative outlet for your personality to shine in this functional space or provide a juxtaposition between tradition and contemporary to create a simply unique look. But above all else the chairs are comfortable, they are where you relax with family and friends around the dining table, leaving the stresses of the day behind.

Occasional

The occasional pieces you choose for your home are where your real personality can shine through. They are functional but often not essential so what you decide to feature in your home is because you wanted it, not because you needed it. They will add the layers, textures and interest, they will be conversation starters, tell stories on their own and add the wow factor.
